## Job Satisfaction Survey How Well Does Your Job Fit You?

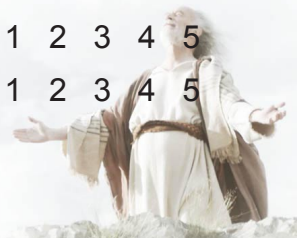

In the film *Jeremiah's Call*, God (through the prophet Jeremiah) tells His people to build houses and settle down, cultivate the land, marry and have children, and seek peace and prosperity for Babylon (see Jeremiah 29:4-7). Cultivating the land implies working and earning an income. God created us to work, and as we do, we develop godly character that He can use to fulfill His purposes.

Now all honest work is honorable, but our job satisfaction largely depends on the job we have. That's because when we are using the skills and abilities God has blessed us with, it affects the way we feel about our work. If we are in the right job, we will look forward to it and be energized as we do it instead of dreading our work and being drained by our job.

If you work outside the home, when was the last time you assessed how well your current job and career fit you? If you've never done it or if it's been a while, please take this simple survey to rate your job. **Answer each question by circling one answer on the 1–5 scale, with 1 being “low” and 5 being “high”:**
